Glossary of Terms

Approved Subject	These are subjects and related standards that can be used to gain University Entrance.
Certificate Endorsement	Students gain certificate endorsement when they gain 50 or more credits at Merit or Excellence at the level of the certificate or higher.
Course Endorsement	Students gain an endorsement for a course if, in a single year, they achieve: <ul style="list-style-type: none"> • 14 credits or more at Merit or Excellence, where • at least 3 of these credits are from externally assessed standards and 3 credits from internally assessed standards.
Credits	Credits are awarded for each standard a student achieves (refer to page 6) regarding number of credits needed to pass NCEA Level 1, 2 and 3).
External Assessment	Assessment for externally assessed standards are set and marked by NZQA at the end of the year.
Further Tertiary Study	Any study undertaken beyond school at university, polytechnic or private training provider.
Gateway Programme	A programme for Year 12 and 13 students wanting to investigate an industry or workplace as well as gaining some credits. Work experience is also available to students. Visit the Careers Centre to find out more.
Internal Assessment	Internally assessed standards are set and marked by teachers in schools or consented providers throughout the year.
NZQA	The New Zealand Qualifications Authority administers the National Qualifications Framework (NQF), which is the official source for accurate and current information on quality assured qualifications in New Zealand.
Achievement Standards	Standards are the skills or knowledge students are expected to achieve or know in a course. Achievement Standards assess performance against the NZ Curriculum. They can be assessed internally or externally. For Achievement Standards you can get: Achieved (A) for a satisfactory performance, Merit (M) for very good performance, Excellence (E) for excellent performance, or Not Achieved (N) if you don't meet the requirements of the standard.
Unit Standards	Unit Standards assess performance specified by industry or tertiary organisations. They are assessed internally, and students can gain Achieved (A) or Not Achieved (N).
NZ Scholarship Exams	These are external assessments for only the most able students and run by NZQA. They are competitive monetary awards and not a qualification. NZ Scholarships are awarded to the top 2-3% of students in a subject at Level 3.
Other Scholarships and Awards	These are generally monetary awards to assist with continued study beyond school. Tertiary institutions and other organisations provide funds to schools, who make award decisions based on pre-determined criteria. Visit the Careers Centre to find out more.
University Entrance (UE)	University Entrance (UE) is the minimum requirement to go to a New Zealand university (see following page)
Vocational Pathways	Vocational Pathways is a Ministry of Education initiative designed to improve the relevance of learning for students. This happens through indicating how a student's learning and achievement is valued by employers in sectors of the workforce.

Requirements for NCEA Levels 1, 2 and 3

Level 1	Level 2	Level 3
<p>80 credits at Level 1 or above</p> <p>Including: 10 literacy & 10 numeracy credits</p> <p>UE Numeracy Requirement: <i>10 credits at Level 1 or higher</i></p>	<p>80 credits at Level 2 or above or 60 credits at Level 2 or above plus 20 credits at any level</p> <p>UE Literacy Requirement: <i>10 credits at Level 2 (5 in reading and 5 in writing)</i></p>	<p>80 credits at Level 3 or 60 credits at Level 3 or above, plus 20 credits at Level 2 or above</p> <p>University Entrance Requirement: <i>14 credits in each of 3 subjects from the list of University Approved subjects; and 18</i></p>

Minimum Requirements for University Entrance (UE)

A pass in NCEA Level 3 = 60 credits at Level 3 and 20 credits at Level 2 = 80 credits

This is made up of:

- 14 credits in each of three subjects from the list of university-approved subjects (see below) = 42 credits
- 18 credits from any other subjects and can be either Achievement or Unit Standards.
- UE Numeracy = 10 credits at Level 1 or higher from specified Achievement Standards or the 3 specific numeracy Unit Standards
- UE Literacy = 10 credits (5 in reading and 5 in writing) from specified Achievement Standards at Level 2 and higher; or specified Level 2 standards in Te Reo Māori

Most Universities ask for higher entry requirements than above. See their websites or ask our Careers Centre.

Auckland University's Literacy Requirement: From 2016 there is a new entrance requirement for domestic students. Those applying on the basis of NCEA results must have gained a minimum of 17 credits in English at Level 2 or 3.

New Zealand Scholarship Examinations (NZQA)

New Zealand Scholarships are external assessments for top students in their last year of schooling. They are competitive monetary awards and are designed to challenge the most capable Level 3 candidates.

Teachers can invite students to enter New Zealand Scholarship based on their academic performance and potential. Students can ask their teachers for guidance about the additional work and study requirements and whether or not they would be suitable candidates for entry.

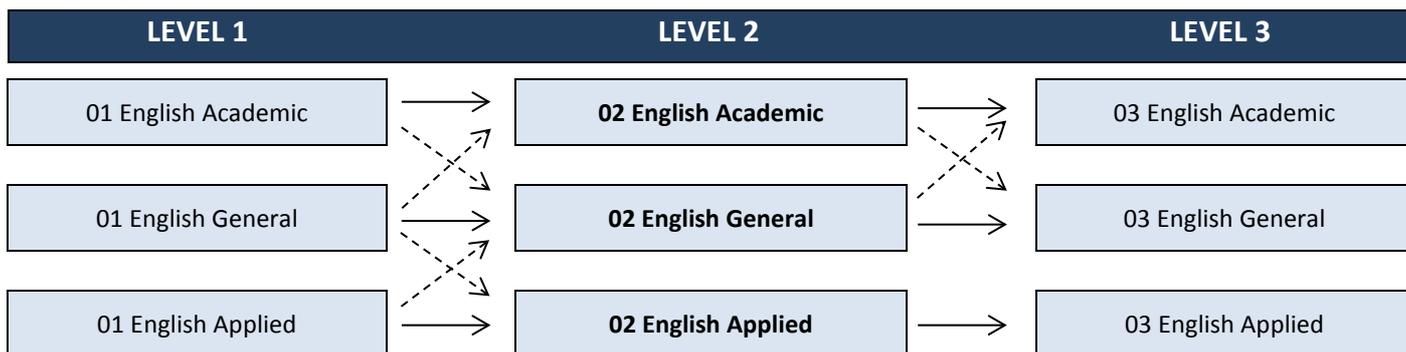

Vocational Pathways

Vocational Pathways provides new ways for students to achieve NCEA Level 2. It aims to help students see how their learning and achievement is valued in the 'real world' by aligning NCEA Level 2 Assessment Standards with six industries.

Students must have gained NCEA Level 2 to receive a Vocational Pathways Award – 60 of these Level 2 credits must be from the recommended standards in one or more pathways, including 20 credits from sector-related pathways.

THIS COURSE LEADS TO:	03 Statistics (if you have at least Merit in an external and two other Merits from internals with a minimum of 14 Level 2 credits; or 03 Mathematics General (if you have achieved at least 10 credits at Level 2 with at least one Merit grade from 02 Mathematics with Statistics, or 02 Mathematics General; and approval of the Head of Department of Mathematics. Students must have Achieved in at least one Mathematics standard, and have submitted at least one statistical report.
STATIONERY & COURSE COSTS (approx.):	Maths workbook \$20.00 Graphics calculator \$120.00 (unless you already have one).

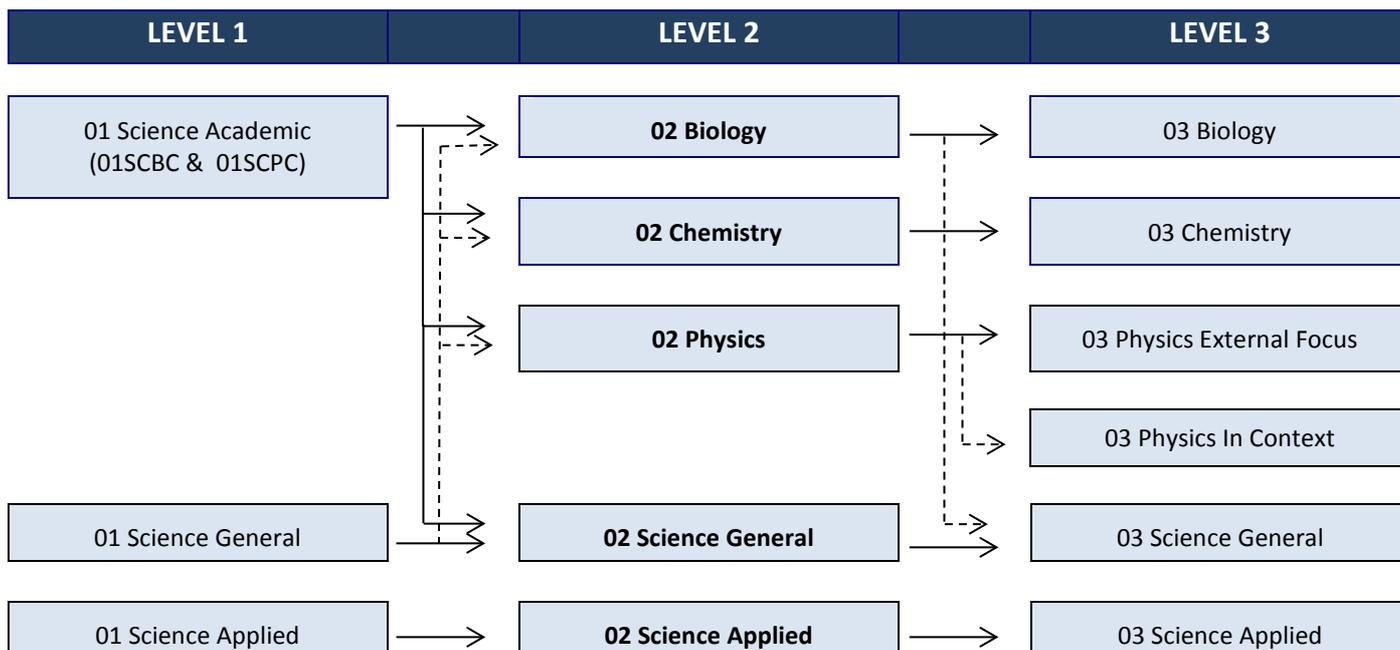

02 Mathematics General	02MAG
ENTRY:	You should have Achieved in at least 5 Achievement Standards. Students from 01 Mathematics Applied need to have achieved all the Achievement Standards in that course.
COURSE DESCRIPTION:	This course covers maths skills required for entry to a tertiary course and is for students wishing to gain a Level 2 mathematics qualification.
ASSESSMENT:	Achievement Standards up to 19 credits, all internally assessed.
THIS COURSE LEADS TO:	03 Mathematics General if you have achieved at least 10 credits at Level 2 with at least one Merit grade from 02 Mathematics General, and the approval of the Head of Department of Mathematics. Students must have Achieved in at least one Mathematics standard, and submitted at least one statistical report.
STATIONERY & COURSE COSTS (approx.):	Maths workbook \$20.00 Scientific calculator \$20.00 (unless you already have one)

02 Enterprise Mathematics	02MAE
ENTRY:	You should have Achieved in at least 5 Achievement Standards. Students from 01 Mathematics Applied need to have achieved all the Achievement Standards in that course.
COURSE DESCRIPTION:	This course develops mathematical and numeracy skills to successfully manage both personal and small business financial accounts. This course is for students wishing to gain a Level 2 qualification. This course gives credits for course endorsement at Level 2.
ASSESSMENT:	Achievement and Unit Standards up to 17 credits, all internally assessed.
THIS COURSE LEADS TO:	This is a stand-alone block course.
STATIONERY & COURSE COSTS (approx.):	Maths workbook \$20.00 Scientific calculator \$20.00 (unless you already have one)

02 Vocational Mathematics	02MAV
ENTRY:	Students will not have achieved Level 1 Numeracy or NCEA Level 1 and have the recommendation of both the Head of Department of Maths, and level Dean.
COURSE DESCRIPTION:	This mathematics programme continues with the mathematical skills and concepts covered in the previous year.
ASSESSMENT:	21 credits towards NCEA Level 1 & 2, all internal.
THIS COURSE LEADS TO:	Relevant work or further study.
STATIONERY & COURSE COSTS (approx.):	Workbook \$20.00 Scientific calculator \$20.00 (unless you already have one).

02 Biology	02BIO
-------------------	--------------

ENTRY:

01 Science Academic and 01 Science General students will need 12 credits, 8 of which must be **external** and include 4 from a biology external at Merit or above.

COURSE DESCRIPTION:

This course focuses on how living things can survive in their environment and how populations change over time. The bulk of this course is spent learning about the various processes that occur within living cells, specifically the structure and role of DNA as the blueprint for life and how it works to produce such a wide range of characteristics. You will also investigate how the structure of tissues and organs work to provide animals with the energy they need to survive.

ASSESSMENT:

Achievement Standards totalling at least 19 credits

- Maximum 12 credits externally assessed
- Minimum 7 credits internally assessed.

NZQA will give you a Merit or Excellence endorsement for this course when you gain 14 or more credits at Merit or Excellence. At least 8 of those 14 credits must be gained from external standard(s) and 3 from internal standard(s).

THIS COURSE LEADS TO:

ENTRY:

For you to be eligible for the 02 Foundation Studies programme you will need to have been nominated by your Dean.

COURSE DESCRIPTION:

02 National Certificate in Employment Skills (02ESF): This course is part 2 of a three-year programme, which will allow you to gain credits towards the National Certificate in Employment Skills. This certificate is awarded to people who have demonstrated competence in literacy, speaking skills, numeracy and other personal and technical skills. These skills have been identified by a wide range of employers as being important in the workplace. The certificate is made up of some compulsory as well as elective credits, thus making it flexible and accessible.

02 Language, Symbols and Text (02ENF): This course covers the essential literacy skills necessary in everyday life. Students will develop skills in communication, critical thinking and problem solving.

Numeracy (02MTF): This course covers the essential numeracy skills in everyday life.

You will also select three additional courses of your own choice. Progress will be monitored closely across all courses and individual needs will be catered for, providing a supportive environment for your success as a learner.
