The content of this handbook is correct at the time of printing. Course availability is dependent on numbers and staffing, and course entry cannot be confirmed until the beginning of 2019.

SELECTING YOUR COURSES

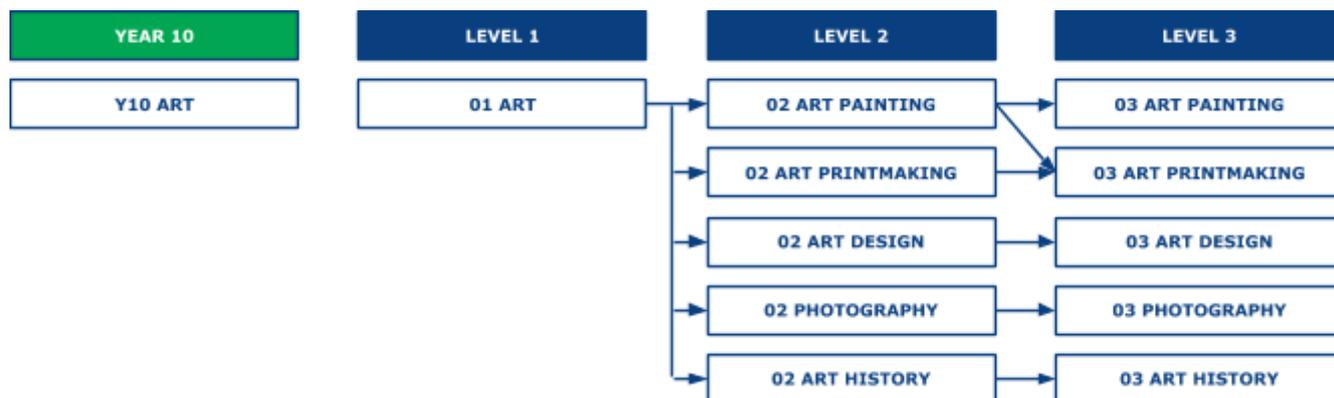

UNDERSTANDING THE OPTIONS BOOKLET

1. Subject/Curriculum Area - the name of the subject
2. Course Pathway diagram - apart from Languages there are no fixed prerequisites for L1 courses and therefore these diagrams are there to highlight potential pathways through to L3.
3. Course Code - as it will show on timetables
4. Course Description
5. Course Length - all options are half year, except for Languages are full year courses
6. Stationery & Costs - details of materials, and additional costs such as field trips.

ART

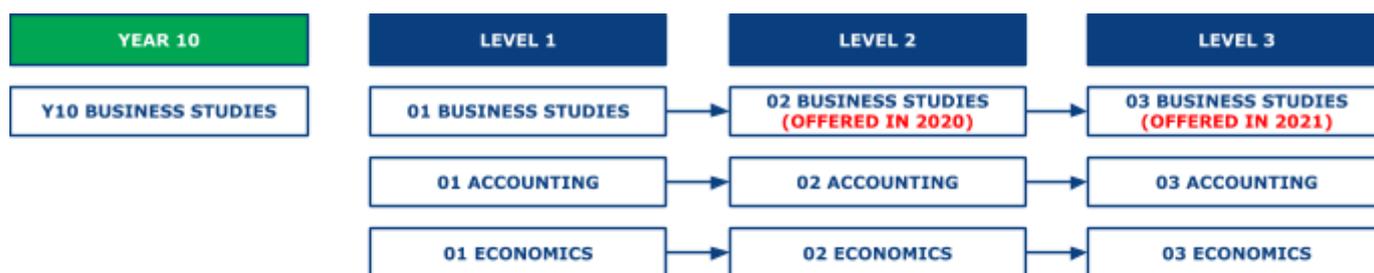

ART

10ART

COURSE DESCRIPTION	<p>This course is designed to help you gain skills and knowledge in the Visual Arts, and prepare yourself for NCEA Level 1 Visual Art courses at Year 11. The aim is to introduce you to new materials and techniques including drawing media; basic computer design; relief printing; and painting techniques. You will work on four different projects: drawing, printmaking, design, and painting. Each project is approximately five weeks in length.</p> <p>You will be expected to draw out your ideas, develop your work through a number of stages, and explore and control different materials and techniques.</p>
COURSE LENGTH	Half Year
STATIONERY & COSTS (APPROX)	\$15.00 covers the cost of the Art workbook plus your own stationery.

BUSINESS STUDIES

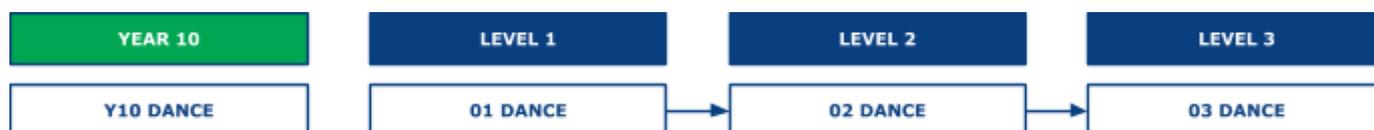

BUSINESS STUDIES

10BUS

COURSE DESCRIPTION	<p>This course encompasses the exploration of the key business functional areas of operations management and finance. Operations management investigates production, quality management, efficiency, in addition to stock management and resources used to transform raw materials into finished goods.</p> <p>Finance will encompass both the learning of personal and business finance. Topics that will be covered will be sources of finance, budgeting, cash management and investigate the workings of key business financial accounts. Students will also learn to analyse financial accounts and interpret what they may mean for a business.</p>
COURSE LENGTH	Half Year
STATIONERY & COSTS (APPROX)	There may be an opportunity to extend learning with a field trip (\$30.00)

DANCE

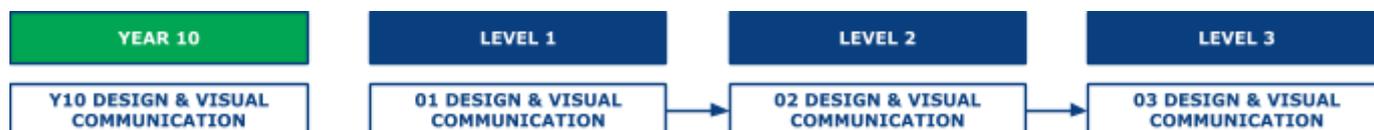

DANCE

10DAN

COURSE DESCRIPTION	This course promotes personal and social well-being by developing your self-esteem, social interaction and confidence in physical expression. Skills to be developed include: exploring through movement the dance elements of body awareness, space, time energy and relationships; using personal experiences and imagination to express ideas in dance; and sharing movement and responding to the student's own and others' dance.
COURSE LENGTH	Half Year
STATIONERY & COSTS (APPROX)	1 x 1B4 book required. P.E uniform to be worn.

DESIGN & VISUAL COMMUNICATION

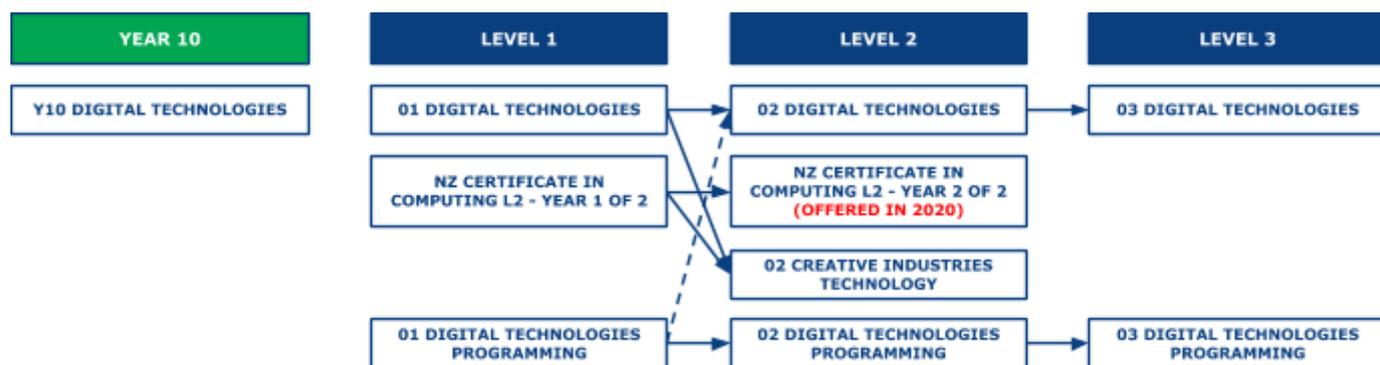

DESIGN & VISUAL COMMUNICATION

10DVC

COURSE DESCRIPTION	<p>In this course we will explore creative solutions to solve design problems in the areas of spatial (architectural) and product design. We will learn a range of skills to develop and visually communicate our ideas including freehand drawing, instrumental drawing, modelling and computer aided design.</p> <p>During the course of the semester we will explore a variety of drawing methods, applications (3D Modelling and Floor Planning), and techniques to design and develop our own 'Amazing Space'. The completed designs will be modelled using our 3D Printers.</p>
COURSE LENGTH	Half Year
STATIONERY & COSTS (APPROX)	NIL

DIGITAL TECHNOLOGIES

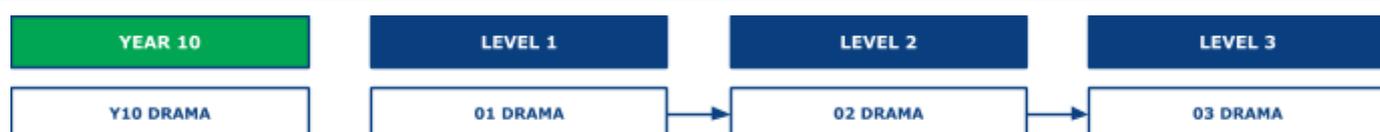

DIGITAL TECHNOLOGIES

10DIT

COURSE DESCRIPTION	<p>The Year 10 Digital Technologies course is designed to prepare students for Level 1 Digital Technologies and Digital Technologies Programming, as well as equip students with a breadth of knowledge and skills to work across a range of industries using digital tools and applications.</p> <p>This course encompasses a wide variety of skills and will develop students' knowledge in 3D modelling, computer science, print design and document formatting, animation, image/video editing, programming, robotics and web design. The foundations for a number of tertiary study options and industries are covered in the course as students are learning practical skills using industry standard applications as well as applying a range of conventions and techniques used in computer science and digital media.</p>
COURSE LENGTH	Half Year
STATIONERY & COSTS (APPROX)	NIL

DRAMA

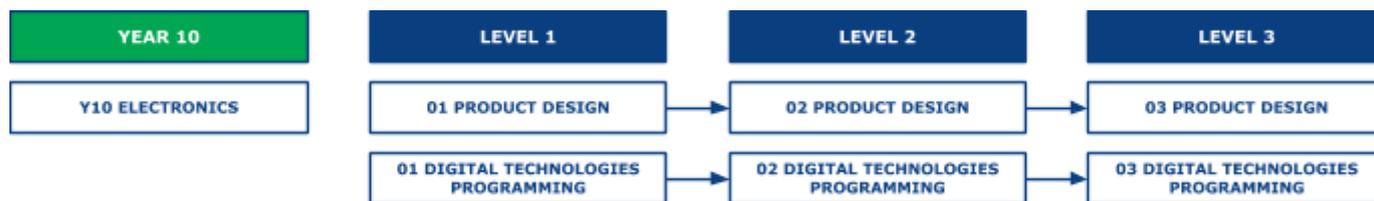

DRAMA

10DRA

COURSE DESCRIPTION	<p>This course will introduce you to the world of drama through language, improvisation, characterisation, stagecraft, mime, movement and mask. You will be taken on a journey that will build on your performance strengths, while at the same time open new doors into the world of theatre. Topics include: Theatre History, Mask and Mime, Improvisation and Script Work. Through Drama, students will develop self-esteem and communication skills through live performance on stage.</p>
COURSE LENGTH	Half Year
STATIONERY & COSTS (APPROX)	There may be an opportunity to extend learning with visits to live performances

ELECTRONICS TECHNOLOGY

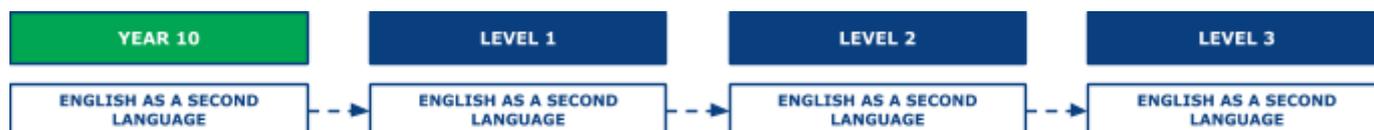

ELECTRONICS TECHNOLOGY

10ELT

COURSE DESCRIPTION	In this course you will build on circuits in breadboards with electronic components and progress to programming using microprocessors to solve real-world challenges. We will design and test prototypes and then assemble our solutions on circuit boards and package them to meet design requirements.
COURSE LENGTH	Half Year
STATIONERY & COSTS (APPROX)	Take-home materials (\$45)

ENGLISH AS A SECOND LANGUAGE

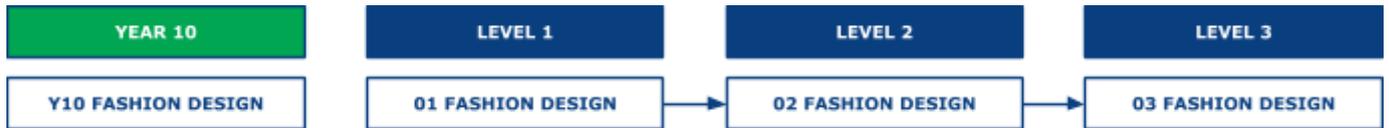

ENGLISH AS A SECOND LANGUAGE

10ESL

COURSE DESCRIPTION	<p>This course is for you if English is not your first language. The course will give you the opportunity to develop your English language skills in the following areas:</p> <p>Listening – listening for main ideas, information and other people’s opinions. Speaking – giving information, describing and explaining, and expressing your own opinions. Reading – understanding main ideas, specific information and opinions. Writing – presenting information, describing processes, presenting points of view.</p> <p>ESL provision is made available Y9-Y13 in response to student need. Students may transition out of ESL when English proficiency allows.</p>
COURSE LENGTH	Full Year
STATIONERY & COSTS (APPROX)	NIL

FASHION DESIGN

FASHION DESIGN

10FDS

COURSE DESCRIPTION

In this course, we will focus on surface application techniques such as: machine embroidery, dyeing, applique and hand sewing. We will investigate different subcultures throughout history and design a 'mash-up' of two chosen subcultures in the form of a fashion collection. Here, we will learn basic drawing skills and fashion illustration to grow our design skills.

The final project focuses on the construction of a garment using a commercial pattern. We will learn basic pattern making skills and sewing skills to be able to follow technical instructions to make a garment of our own.

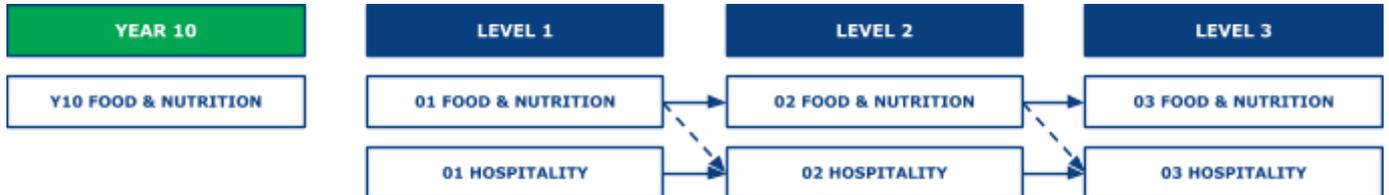

COURSE LENGTH

Half Year

STATIONERY & COSTS (APPROX)

Take-home materials approximately (\$60)

FOOD & NUTRITION

FOOD & NUTRITION

10FAN

COURSE DESCRIPTION

In this course you will develop proficiency in the knowledge and application of nutrition, safe food preparation, practical skills in cookery, and health and safety procedures in the kitchen.

Whilst developing your skills you will get an opportunity to design, prepare and present dishes of your own creation. The course prepares students for Food & Nutrition and Hospitality at NCEA Level 1, 2 and 3.

COURSE LENGTH

Half Year

STATIONERY & COSTS (APPROX)

Basic cooking ingredients (\$60)

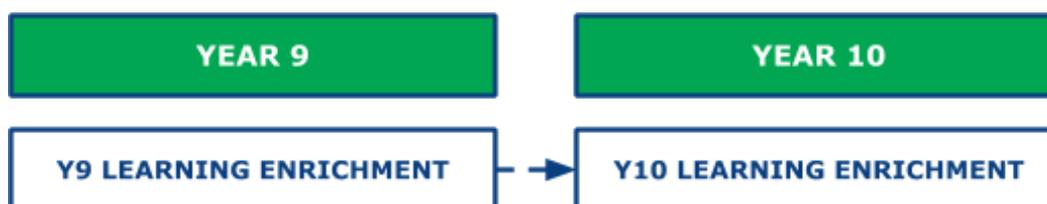

GERMAN			
YEAR 10	LEVEL 1	LEVEL 2	LEVEL 3
Y10 GERMAN	01 GERMAN	02 GERMAN	03 GERMAN
GERMAN		10GER	
COURSE DESCRIPTION	<p>This full-year course is designed to prepare you for NCEA Level 1 German. As you learn how to understand, speak, read and write more German, you will also develop your intercultural skills, which make us better adapted to living in a diverse society, more internationally minded and better at resolving cross-cultural conflict.</p> <p>In this course we will explore our immediate environment and focus on areas of personal interest. You will learn how to understand and construct simple texts using your knowledge of German to describe aspects of your own background and immediate environment. Topics include: introducing yourself and your family; talking about your daily life; school; your town and Germany's capital city Berlin; hobbies and spare time activities; eating and drinking; and German music and film. You will connect with German native speakers and also have the exciting opportunity to participate in a German dance competition.</p>		
COURSE LENGTH	Full Year		
STATIONERY & COSTS (APPROX)	There may be an opportunity to extend learning with a field trip (\$15) Goethe exam (optional)		

HARD MATERIALS			
YEAR 10	LEVEL 1	LEVEL 2	LEVEL 3
Y10 HARD MATERIALS	01 PRODUCT DESIGN 01 CONSTRUCTION 01 ENGINEERING	02 PRODUCT DESIGN 02 CONSTRUCTION 02 ENGINEERING	03 PRODUCT DESIGN 03 CONSTRUCTION 03 ENGINEERING
HARD MATERIALS		10HAM	
COURSE DESCRIPTION	<p>In this course we will learn how the creative problem solving process, design communication techniques, and construction methods are used to develop solutions to problems. We will focus on the performance properties of materials, the physical and social environment, and sustainable solutions in a group context.</p> <p>We will have the opportunity to work creatively and analytically to identify, develop, trial and evaluate potential solutions, and put their ideas into practice. Projects will be manufactured in the school's specialist Technology rooms.</p> <p>This subject prepares students for NCEA Level 1 Product Design, Construction and Engineering Technology courses.</p>		
COURSE LENGTH	Half Year		
STATIONERY & COSTS (APPROX)	Take-home materials (\$55)		

JAPANESE	
YEAR 10	<div style="display: flex; justify-content: space-around; margin-bottom: 5px;"> <div style="background-color: #003366; color: white; padding: 5px;">LEVEL 1</div> <div style="background-color: #003366; color: white; padding: 5px;">LEVEL 2</div> <div style="background-color: #003366; color: white; padding: 5px;">LEVEL 3</div> </div> <div style="display: flex; justify-content: space-around; border: 1px solid black; padding: 5px;"> <div style="border: 1px solid black; padding: 5px; width: 20%;">Y10 JAPANESE</div> <div style="border: 1px solid black; padding: 5px; width: 20%;">01 JAPANESE</div> <div style="border: 1px solid black; padding: 5px; width: 20%;">02 JAPANESE</div> <div style="border: 1px solid black; padding: 5px; width: 20%;">03 JAPANESE</div> </div>
JAPANESE 10JAP	
COURSE DESCRIPTION	<p>In this full-year course you will learn how to understand, speak, read and write more Japanese. You will learn how to understand and construct simple texts using your knowledge of Japanese to describe aspects of your own background and immediate environment. Topics include: introducing yourself and your family; talking about your daily life; school; your town; hobbies and spare time activities; eating and drinking; shopping and Japanese music and film.</p> <p>We will cover Japanese phrases the All Blacks might find handy at the 2019 Rugby World Cup, and how to cheer for the Olympians at the Olympic Games 2020, which will be hosted by the Japanese capital Tokyo.</p> <p>This course prepares you for NCEA Level 1 Japanese.</p>
COURSE LENGTH	Full Year
STATIONERY & COSTS (APPROX)	Preparation of Japanese cuisine (\$7)

LEADERSHIP IN ACTION	
YEAR 10	<div style="display: flex; justify-content: space-around; margin-bottom: 5px;"> <div style="background-color: #003366; color: white; padding: 5px;">LEVEL 1</div> <div style="background-color: #003366; color: white; padding: 5px;">LEVEL 2</div> <div style="background-color: #003366; color: white; padding: 5px;">LEVEL 3</div> </div> <div style="display: flex; justify-content: space-around; border: 1px solid black; padding: 5px;"> <div style="border: 1px solid black; padding: 5px; width: 20%;">Y10 LEADERSHIP IN ACTION</div> </div> <div style="display: flex; justify-content: space-around; margin-top: 10px;"> <div style="border: 1px solid black; padding: 5px; width: 20%;">01 HEALTH EDUCATION</div> <div style="border: 1px solid black; padding: 5px; width: 20%;">02 HEALTH EDUCATION</div> <div style="border: 1px solid black; padding: 5px; width: 20%;">03 HEALTH EDUCATION</div> </div> <div style="display: flex; justify-content: space-around; margin-top: 5px;"> <div style="border: 1px solid black; padding: 5px; width: 20%;">01 PHYSICAL EDUCATION</div> <div style="border: 1px solid black; padding: 5px; width: 20%;">02 PHYSICAL EDUCATION</div> <div style="border: 1px solid black; padding: 5px; width: 20%;">03 PHYSICAL EDUCATION</div> </div> <div style="display: flex; justify-content: space-around; margin-top: 5px;"> <div style="border: 1px solid black; padding: 5px; width: 20%;"></div> <div style="border: 1px solid black; padding: 5px; width: 20%;">02 PHYSICAL EDUCATION OUTDOORS</div> <div style="border: 1px solid black; padding: 5px; width: 20%;"></div> </div>
LEADERSHIP IN ACTION (including Duke of Edinburgh Bronze Award) 10LIA	
COURSE DESCRIPTION	<p>To enter this course you will have to show that you are interested in the outdoors and be committed to developing your leadership potential. You will develop your leadership and decision-making ability in a variety of activities designed to challenge you mentally, emotionally and physically. You will be assessed on how well you demonstrate leadership in action, which will include establishing personal goals and plans, managing projects, and setting high personal standards.</p> <p>You will work towards gaining the Duke of Edinburgh Bronze Award (service, skill, physical recreation and an adventurous journey). You will be expected to plan in groups and participate in a two-day camp in the wilderness.</p>
COURSE LENGTH	Half Year
STATIONERY & COSTS (APPROX)	Duke of Edinburgh Bronze Award Registration (\$86) There may be an opportunity to extend learning with a field trip (\$84)

LEARNING ENRICHMENT

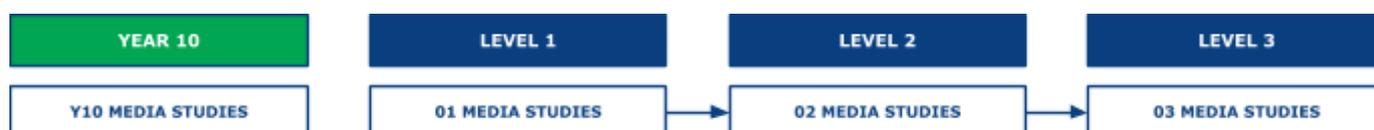

LEARNING ENRICHMENT OPTION

10LEO

COURSE DESCRIPTION	<p>The Learning Enrichment Option (LEO) at Year 10 is a programme for selected students.</p> <p>This course builds on the thinking and learning skills introduced to students in Year 9 LEO. The Year 10 course focuses on developing philosophical and critical thinking skills in investigation of real-world issues.</p> <p>The course begins by re-introducing philosophy concepts covered in brief in the Year 9 LEO course, then advances into ethical dilemmas and decision-making concerning a range of topics. Topics will be selected by consultation with students to help ensure they appeal to domains of interest. Progress will be measured via evaluation of inquiries into selected fields.</p>
COURSE LENGTH	Half Year
STATIONERY & COSTS (APPROX)	40 page Clearfile

MEDIA STUDIES

MEDIA STUDIES

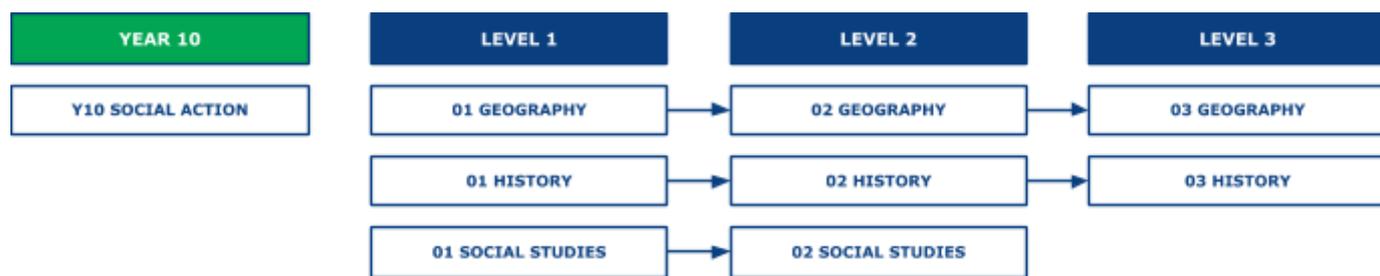

10MED

COURSE DESCRIPTION	<p>This course is for you if you are interested in studying the media and creating media products. You will choose from a variety of units of work during the semester which can be completed individually or with a small group. The units of work include topics such as advertising; film making; print production (magazines/newspapers/comics); online media production (blogs, viral videos); genre studies; research; media analysis and podcast/radio production.</p>
COURSE LENGTH	Half Year
STATIONERY & COSTS (APPROX)	1 x SD Card

MUSIC			
YEAR 10	LEVEL 1	LEVEL 2	LEVEL 3
Y10 MUSIC	01 MUSIC	02 MUSIC	03 MUSIC
		--> --> -->	
MUSIC		10MUS	
COURSE DESCRIPTION	<p>Students choosing this course must be actively learning an instrument, either through the school (itinerant lessons, or through private lessons). Music allows students to express themselves to the world through the language of music: solo and group performance, creative work, musical knowledge and decoding sound and symbols. It challenges the students to broaden their current knowledge into new genres, understandings and experiences.</p> <p>Through music, students will develop their own self-esteem and understanding about the impact of recorded sound and live performance. This course is designed to prepare students for NCEA Level 1 Music.</p>		
COURSE LENGTH	Half Year		
STATIONERY & COSTS (APPROX)	Essential Elements Workbook (\$35)		

SCIENCE INVESTIGATIONS			
YEAR 10	LEVEL 1	LEVEL 2	LEVEL 3
Y10 SCIENCE INVESTIGATIONS	01 SCIENCE ACADEMIC (01SCBC & 01SCPC)	02 BIOLOGY	03 BIOLOGY
		02 CHEMISTRY	03 CHEMISTRY
		02 PHYSICS	03 PHYSICS
			03 PHYSICS IN CONTEXT
	01 SCIENCE GENERAL	02 SCIENCE GENERAL	03 SCIENCE GENERAL
		02 SCIENCE APPLIED	03 SCIENCE APPLIED
		--> --> -->	
SCIENCE INVESTIGATIONS		10SIN	
COURSE DESCRIPTION	<p>This course involves learning about the nature of Science including scientific investigation and communication skills. You will carry out investigations in a topic of your choice and learn to communicate your findings effectively. You will be exposed to multiple topics not covered in the general Science course and can design your investigation based on one of these, or you can bring your own interests to work on. The course gives experience in designing the investigations that are part of the senior Science courses.</p>		
COURSE LENGTH	Half Year		
STATIONERY & COSTS (APPROX)	Students cover cost of their own product testing and development – approximately \$30.00 for consumables.		

SOCIAL ACTION

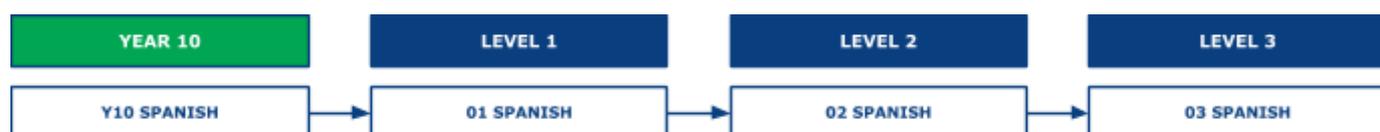

SOCIAL ACTION

10SOA

COURSE DESCRIPTION	<p>"How wonderful it is that nobody need wait a single moment before starting to improve the world." - Anne Frank</p> <p>In this course, students will learn about opportunities for social activism and the power of protest, focusing on how people can respond to social issues and be involved in movements with the goal of inspiring change.</p> <p>Students will learn about both the historical context of social movements and investigate the goals and actions of contemporary protest movements. Through case studies students will examine themes around identity, culture and rights.</p> <p>Examples of social action movements covered include <i>Black Lives Matter</i>, <i>Never Again</i> (anti gun protests in the USA) and the '<i>I Welcome Pledge</i>' (increasing refugee numbers in NZ).</p>
COURSE LENGTH	Half Year
STATIONERY & COSTS (APPROX)	NIL

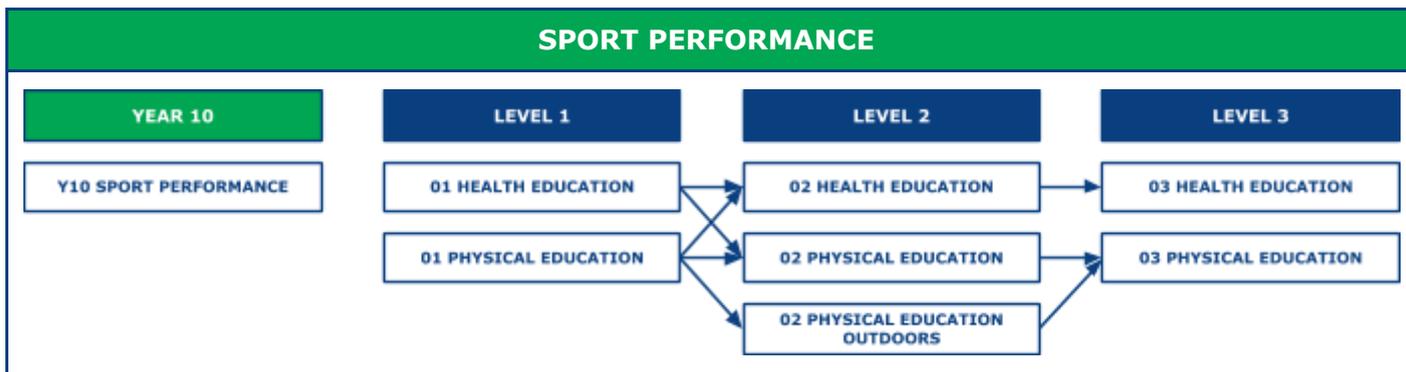

SPANISH

SPANISH

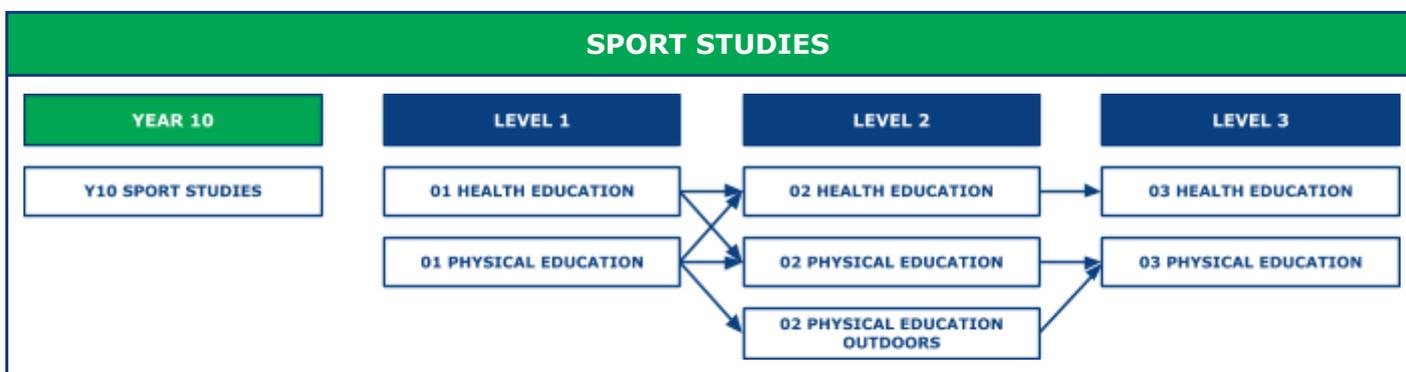

10SPA

COURSE DESCRIPTION	<p>This full-year course is designed to prepare you for NCEA Level 1 Spanish as well as equip students with insights and experiences that will enrich and broaden their understandings of the uniqueness and complexity of Spanish. In this course we will learn how to understand, speak, read and write more Spanish to describe aspects of your own background and immediate environment. Topics covered include: my life and spare time activities, school, family and friends, holidays, entertainment, food, daily interaction, my home, directions, and a Spanish film study.</p> <p>In addition to improving your Spanish language skills, you will discover different ways of thinking, seeing and relating to the world that are embedded in the Spanish culture and language.</p>
COURSE LENGTH	Full Year
STATIONERY & COSTS (APPROX)	Digital textbook and digital workbook \$15.00

SPORT PERFORMANCE	10SPX
--------------------------	--------------

COURSE DESCRIPTION	This course will suit you if you are gifted and talented in an individual or team sport and playing at a high level for your age. You will cover theory and practice to develop your own sporting performance in areas, such as injury prevention; fitness, nutrition; mental skills: exercise physiology: biomechanical analysis; building an individual and social profile, and skill development. It is expected that you would be looking to progress to premier levels and, perhaps, apply for the JET stream or JETS programme. Visits could include the AUT Millennium Sport Performance Centre and other local or regional sporting clubs or franchises. This will be a good opportunity, also, to learn from experts who have chosen careers in the sports industry.
COURSE LENGTH	Half Year (you will need to see Mr Clemas (PE) for an application form)
STATIONERY & COSTS (APPROX)	There may be an opportunity to extend learning with field trips (\$70)

SPORT STUDIES	10SPS
----------------------	--------------

COURSE DESCRIPTION	This course offers an extensive look at the 'Sports of the World'. For example, you may be involved in a variety of sports which can include – AFL (Australian Rules), Squash, Sevens Rugby, Tchoukball, Ultimate Frisbee, Skateboarding, Tennis, American Football. The emphasis is on knowledge of sport; tactical and strategic thinking and analysis; and elements of fair play through participation. Fitness studies and lifestyle concepts are also covered in depth. Theoretical components are included in the course with a focus on sporting diet and nutrition, sports psychology, and the 'growing leaders' leadership award.
COURSE LENGTH	Half Year
STATIONERY & COSTS (APPROX)	There may be an opportunity to extend learning with field trips (\$60)

TE REO MĀORI			
YEAR 10	LEVEL 1	LEVEL 2	LEVEL 3
Y10 TE REO MĀORI	01 TE REO MĀORI	02 TE REO MĀORI	03 TE REO MĀORI
TE REO MĀORI		10MĀO	
COURSE DESCRIPTION	<p>The Year 10 Te Reo Māori course is designed to prepare students for Level 1 Te Reo Māori as well as equip students with insights and experiences that will enrich and broaden their understandings of the uniqueness and complexity of te ao Māori.</p> <p>In this course we will explore our immediate environment and focus on areas of personal interest. You will learn how to understand and construct simple texts using your knowledge of te reo māori to describe aspects of your own background and immediate environment. Topics covered include: introducing yourself and your family; talking about your daily life; school; Aotearoa New Zealand; hobbies and spare time activities; eating and drinking; personal descriptions.</p> <p>You will learn how to recognise and describe ways in which the Māori culture is organised and compare and contrast cultural practices through cultural assignments.</p>		
COURSE LENGTH	Full Year		
STATIONERY & COSTS (APPROX)	NIL		

YOUNG WRITERS			
YEAR 10	LEVEL 1	LEVEL 2	LEVEL 3
Y10 YOUNG WRITERS	01 ENG - MADE IN AMERICA 01 ENG - THE BREAKDOWN OF CIVILISATION 01 ENG - THE CHALLENGES OF BEING DIFFERENT 01 ENG - THE CRAFT OF WRITING 01 ENGLISH APPLIED	02 ENGLISH ACADEMIC 02 ENGLISH GENERAL 02 ENGLISH APPLIED	03 ENGLISH ACADEMIC 03 ENGLISH GENERAL 03 ENGLISH APPLIED
YOUNG WRITERS		10WRI	
COURSE DESCRIPTION	<p>Do you harbour a passion for words? Learn how to make them work for you! This course is for young people who love to write, and who would love to write better. It's a creative environment for exploring your stories, and how to tell them. You will learn how to get your voice heard in every form of writing, from graphic novels to short stories; from journalism to poetry. Our voice "...is probably the most powerful instrument in the world. It's the only one that can start a war, or say 'I love you.'" (Julian Treasure)</p>		
COURSE LENGTH	Half Year

Notes: Whether an option course runs will depend on (a) the number of students opting to take it, and (b) staffing available. Students will be given a back-up choice in the event that (a) one of their option courses doesn't run or (b) the course is full. We have tried to be as accurate as possible with regard to cost fees, including costs of travel, venue, and take-home materials.
